

ENERGY OT

Version: CO₂
EOT-CO2

Technical Specifications

EnergyOT

Dimensions	100mmx75mmx40mm
Communication	Wi-Fi 802.11 b/g/n 2.4 GHz
Weight	100g
Material	PLA and Acrylic
Power	Micro USB 5VDC, 1A
Logging Frequency	60 sec
Range	Up to 500 meters

Sensor de CO₂

Type	non-dispersive infrared (NDIR)
Range Operacional	0 – 10,000 ppm (0-5,000 ppm within specifications)
Precisão	± 30 ppm ± 3 % of measured value within specifications
Repetibilidade	± 20 ppm ± 1 % of measured value within specifications
Sensor Life Expectancy	> 15 years

* This model is also available with external wifi antenna.

December 2015 (in English), EnergyOT CO2 Version 1.0
Developed and manufactured by Genoa Spark, lda
Made in Portugal
